Broad Description:

The Rip Tide Slide is a sturdy, durable roto-molded slide with enclosed plumbing for a clean finished look. The Rip Tide is available in Sandstone or Gray Granite finishes and has the option of an LED lighting package.

Utilization:

The Rip Tide is intended for in-ground residential swimming pools only. Our multi-point anchoring system allows the Rip Tide to accommodate most geographical regions. The slide is rated for a maximum of 275 lb. (124 kg) for its riders.

Specifications:

- § The ladder is enclosed with nine (9) coping style steps for a safe and easy climbing.
- § The two (2) handrails are roto-molded into the ladder with two (2) optional widths for a comfortable climb for most riders.
- § The slide runway has a twenty-four (24) inch wide seating area made of a thick, durable roto-molded plastic.
- § The water delivery system is enclosed within the roto-molded ladder for a clean look. Water is delivered with a 1" PVC hose to allow maximum water coverage on the flume at 25 gpm.
- § The Rip Tide is anchored to the pool deck with ½" diameter stainless anchor studs with attaching hardware.
